PROFESSIONAL RECOMMENDATIONS

“Dan joined our group to solution an infrastructure replatform project. He brought a blend of deep technical infrastructure knowledge and project management skills to the project. Using his experience, he identified all touchpoints from application requirements through business continuity and recommended a solution that balanced functionality, application migration, and financial impact. Dan's experience, versatile skillsets, and desire to achieve make him a great asset for any team.”

Mike McLaughlin, AVP, Management Information at AXIS Capital, worked with Daniel at The ACE Group

“Dan performed his job better than anyone in the team. He is a solid team player and an excellent project manager. He led the team in executing the project in such a way that it made it easier for the network team to perform flawlessly. He has good organizational skills and focus to details. He will be a great asset to any organization.”

Ike Allison, Migration Network Engineer, SunGard Availability Service, worked with Daniel

“I fully recommend Dan. I have worked with Dan in the past and he was instrumental in development work and his ability to execute in a timely manner and with quality results. Great guy to have on your team.”

Joe Volpe, Managing Director at Merck Global Health Innovation Fund LLC, managed Daniel at Johnson & Johnson

“Dan is an excellent IT Project Manager with the ability to link technical solutions to business requirements. He translate the business need to the technology solution and execute the implementation.”

Stan Jaroszewski, Director - IT Continuous Service Improvement at Johnson & Johnson, worked with Daniel at J&J

“Dan is a one-of-a-kind manager that creates an environment in which each team member has the opportunity to thrive while providing the technical knowledge to drive to successful, business centric solutions. Knowing that Dan was leading a project provided the confidence that the project would be flawlessly executed and meet all expectations.”

Steve Hill, Director, Management Consulting at LiquidHub, worked with Daniel at Johnson & Johnson

“Dan was an IT service partner on many of my lab system implementations. He brought to the table a passion for excellence, an eye for detail, and an ability to think outside the box. These were critical to my teams being able to deploy products and services in the production environment. Dan demonstrated expertise in a broad range of technologies and also knew how to 'work the organization' to make things happen in a timely fashion. On a personal level, he was a joy to work with and often made the mundane entertaining. Bravo, Dan.”

Tom Gregorio, Portfolio Project Manager at Merck, managed Daniel at McNeil Consumer Healthcare

“Dan is a very effective, focused project manager. He comes with a broad, relevant technical base and is great to work. His enthusiasm, drive and interpersonal skills combined with his attention to details make him a great fit for any organization needed a project manager.”

Henry Spraggins, Principal IT Consultant, Connexus Technology, managed Daniel indirectly at J&J

“I have worked with Dan on several projects over the last 6 years. Dan is an exemplar in his field providing a breadth and depth of knowledge that is critical to project success. On several projects Dan has been able to provide critical thinking skills to resolve both problems and strategic insight.”

Ricardo Torres (rictorres@comcast.net), Management Consulting at North Highland, worked with Daniel at J&J

“Dan's excitement for the project was infectious. His passion to find the best solution and enjoy the process was refreshing and a pleasure to work with. Dan's creativity is essential in collaborative environment. I enjoyed working with him and look forward to an opportunity to work with him again.”

Geoffrey Frankel, Sr. Vice President/Group Creative Director, Edelman, worked with Daniel at FarmDirect.com
